

Collecting pre-owned and new bras
for women who can't afford their own.

Dear Priscilla and Team at BabyYumYum.co.za

Thank you so much for your amazing donation. Every item continues their journey to make a difference in a woman's life. An item that we often take for granted, may be the first bra a woman ever owns.

With your donation we have so far delivered over 150,000 items to 250 charities and projects in 30 countries. Your donation will be part of our deliveries to schoolgirls in the Gauteng area, where many girls can participate in sport for the first time when they receive a bra from us.

Thanks again for your generosity.
